

# THE ART AND SCIENCE OF MICROPILES

# ISM

INTERNATIONAL  
SOCIETY FOR  
MICROPILES

16th International Workshop on Micropiles - 24-26 September 2025, Valencia, Spain

## CALL FOR ABSTRACTS

**Abstracts are solicited on the following micropile topics:**

### European Green Deal:

- Urban Construction and Rehabilitation
- Sustainability, Durability and Resiliency
- Historic Renovation
- Energy Piles

### State of the Practice:

- International Practice
- Innovations and Applications
- Codes and Guidance Specifications
- Case Histories and Lessons Learned
- Design Challenges, Seismic Design and Numerical Analysis
- New Micropile Research

Please submit an abstract (300 words) for consideration by the Program Committee to <https://tinyurl.com/ISM2025-CFA>. Full papers are welcomed and encouraged, (not required for this 16th Workshop). All presentations (and papers) will be reviewed by the Program Committee prior to the workshop.

Submission of an abstract confirms you will accept an invitation to present in person at the Workshop in Valencia. Virtual presentations will not be possible. The Program Committee will review abstract submissions and select abstracts to be presented orally. Presentations will be made in plenary sessions, followed by in-depth discussion.

### Key Dates:

- **Abstracts Due:**  
Friday, January 31, 2025
- **Acceptance Notifications:**  
Monday, February 17, 2025
- **Draft Papers Due:**  
Monday, April 7, 2025
- **Reviewer Comments Due to Author:**  
Monday, May 26, 2025
- **Final Papers Due:**  
Monday, June 30, 2025
- **Final PPT Presentations Due:**  
Wednesday, September 1, 2025

Workshop Chair: Prof. Antonio Gens, Universitat Politècnica de Catalunya
